Dear Walter Quelleng,

Re: Website Design & Development Proposal — Citywide Waste Solutions

Thank you for this opportunity. El-Hub Ventures is pleased to present our comprehensive proposal for the design and development of a professional, high-performing website for Citywide Waste Solutions — a registered Ontario waste treatment and disposal business serving communities across the greater Ontario area.

We have reviewed your requirements in full and structured this proposal to deliver a website that generates real business results — quote requests, service enquiries, and customer conversions — from day one of going live.

1. ABOUT EL-HUB VENTURES

El-Hub Ventures is a technology and digital solutions company registered in Nigeria (Reg. No. 9443094), serving clients across Africa, Europe, North America, and beyond. We design and develop websites, web applications, and digital systems for businesses that demand quality, performance, and results.

We have successfully delivered projects for clients in Nigeria, the UK, Canada, Germany, and Cameroon — bringing international standards of delivery with the agility of a dedicated, responsive team.

Why El-Hub Ventures for Citywide Waste Solutions?

- ✓ Proven Canadian and North American client delivery
- ✓ Waste management and service industry web expertise
- ✓ Mobile-first builds that load fast and rank well on Google Ontario searches
- ✓ Full-service scope — design, development, SEO, forms, live chat, payment portal
- ✓ Transparent CAD pricing — every dollar fully accounted for
- ✓ 30 days post-launch support included at no extra cost

2. CLIENT REGISTRATION DETAILS

The following details from the Ontario Ministry of Public and Business Service Delivery registration have been verified and will be used across all documentation:

Field	Registered Detail
Business Name	Citywide Waste Solutions
Owner / Registrant	Walter Quelleng
Business Type	Sole Proprietorship
Business Identification Number (BIN)	1001615565
NAICS Code	562210 — Waste Treatment and Disposal
Registered Address	2246 Prestonvale Road, Courtice, Ontario, L1E 3H8, Canada
Original Registration Date	May 20, 2026
Registration Expiry Date	May 19, 2031
Contact Email	wastesolutions80@gmail.com
Contact Phone	+1 (416) 558-6718

3. OUR UNDERSTANDING OF YOUR REQUIREMENTS

Based on the detailed brief provided, we understand that Citywide Waste Solutions requires a full professional website covering the following:

- A mobile-friendly website in green, blue, white, and earth tones — reflecting the brand's eco-conscious, community-focused identity
- Clear navigation: Home, About Us, Services, Recycling Info, Pricing, Service Areas, Blog, and Contact
- Six service lines showcased — Residential, Commercial, Recycling, Dumpster/Bin Rental, Junk Removal, Construction Waste
- A recycling information page — accepted materials, sorting tips, and pickup schedules
- A pricing page with rates and quote request functionality
- A service areas page — Vaughan, Toronto, Brampton, Mississauga, Courtice
- A blog section for tips, community events, and environmental content
- A contact page with form, Google Maps, hours, live chat, and SMS reminders
- An invoice payment portal — customers pay invoices online via Stripe
- Customer testimonials for social proof
- Design aligned with industry standards — clean, professional, conversion-focused

4. SCOPE OF WORK — PAGE BY PAGE

We propose an 8-page website plus all supporting features and integrations:

Page / Section	Description & Key Elements
1. Home	Full-width hero with headline, address, phone, email, and three CTAs (Request Pickup, Get a Free Quote, Contact Us). Image carousel — waste trucks, recycling bins, cleanup operations. Services overview cards, customer testimonials strip, service areas preview, and blog snippet.
2. About Us	Company introduction, mission statement, and "Why Choose Us" — five trust points with icons. Environmental commitment statement. Owner introduction (optional). Registered business credentials displayed for trust.
3. Services	Six service cards: Residential Waste Collection, Commercial Waste Management, Recycling Services, Dumpster & Bin Rental, Junk Removal, Construction Waste Removal. Each with icon, photo, description, and Get a Quote CTA.
4. Recycling Info	What Can Be Recycled (plastics, cardboard, paper, glass, aluminium). Illustrated Waste Sorting Tips. Pickup Schedule display per area. Downloadable PDF recycling guide.
5. Pricing	Clean pricing table — Residential Pickup (\$30/month), Dumpster Rental (\$150/day), Junk Removal (from \$80), Commercial (Contact for Quote). Embedded quote request form.
6. Service Areas	Visual coverage map — Vaughan, Toronto, Brampton, Mississauga, Courtice. Area-specific information. "Not on the list?" section for out-of-area enquiries.
7. Blog & News	Category grid — Recycling Tips, Waste Reduction, Community Cleanup, Environmental Awareness, Seasonal Tips. CMS-powered — Walter publishes posts independently. RSS feed for SEO benefit.
8. Contact	Full contact form routed to wastesolutions80@gmail.com. Google Maps embed — 2246 Prestonvale Road. Business hours display. Phone and email. Live chat widget. SMS reminder opt-in. Invoice payment portal link.

5. TECHNICAL FEATURES & INTEGRATIONS

PART A — CORE FEATURES

5.1 Design & User Experience

- Brand palette — Forest Green, Deep Blue, White, Earth tones throughout
- Large service icons, clean navigation fixed on scroll, full-width image carousel
- Customer testimonials with star ratings
- Mobile-first responsive design — optimised across all screen sizes
- Fast-loading — compressed images, clean codebase, CDN-ready

5.2 Lead Generation & Conversion

- "Request Pickup" — quick scheduling form (name, address, service, date preference)
- "Get a Free Quote" — dedicated form routed to wastesolutions80@gmail.com with auto-confirmation
- Floating "Call Now" button on mobile — one tap to call 416-558-6718
- All form submissions trigger automatic email confirmation to the customer

5.3 Customer Tools

- Live chat widget — Tidio or Tawk.to (free tier, fully functional)
- SMS reminder system — customers opt in for collection day reminders via Twilio
- Pickup schedule display — visual calendar per service area, updatable from CMS
- Recycling guide — downloadable PDF of sorting tips and accepted materials

PART B — ADVANCED INTEGRATIONS

5.4 Invoice Payment Portal

- Dedicated invoice payment page — customers enter invoice number and pay online
- Payment via Stripe — credit/debit cards, Apple Pay, Google Pay (standard for Canadian businesses)
- Automatic payment confirmation email to customer and Citywide Waste Solutions team
- Payment records accessible from admin panel
- Note: Stripe processing fee of 2.9% + CA\$0.30 per transaction is charged by Stripe directly

5.5 SEO & Performance

- Meta titles, descriptions, and keywords for all 8 pages
- Local SEO — structured data markup for Ontario local business, Google Maps optimisation
- Google Business Profile setup guidance for maximum Ontario search visibility
- Google Analytics 4 and Google Search Console integration
- Image alt tags, clean URL structure, sitemap, robots.txt
- Page speed optimisation — targets 90+ Google PageSpeed score

5.6 Admin & Content Management

- CMS — Walter's team updates services, blog, pricing, and schedules without any coding
- Blog with categories, tags, and scheduled publishing
- Form submissions dashboard — all quote and contact requests logged
- Staff access levels — owner vs. admin

6. DESIGN DIRECTION

Design Style Guide — Citywide Waste Solutions:

Primary Colour: Forest Green (#1B6B3A) — sustainability, trust, community
Secondary Colour: Deep Blue (#1A4A7A) — reliability, professionalism
Accent: Earth Tone (#6B4226) — grounded, natural
Background: Clean White (#FFFFFF) — clarity and readability
Typography: Bold, clean sans-serif headings; readable body font
Imagery: Real waste trucks, recycling operations, clean Ontario communities
Icons: Large, flat-style service icons — immediately recognisable
Feel: Professional, trustworthy, eco-conscious, approachable

7. PROJECT TIMELINE

Delivery schedule from project kick-off — receipt of signed MOU and deposit payment:

Phase	Deliverable	Duration
Phase 1	Discovery & Kick-off — briefing call, Content Intake Form, domain/hosting guidance	Week 1
Phase 2	UI/UX Design — wireframes and homepage mockup (desktop + mobile) for approval	Week 1
Phase 3	Full Design — all 8 pages, desktop and mobile breakpoints	Week 1
Phase 4	Frontend Development — all pages coded, responsive, interactive	Week 2
Phase 5	Backend & Integrations — CMS, forms, live chat, SMS reminders, Stripe payment portal	Week 2
Phase 6	SEO Setup — meta data, Analytics, Search Console, structured data, sitemap	Week 2
Phase 7	Testing & QA — cross-browser, cross-device, form tests, payment sandbox, speed audit	Week 3
Phase 8	Client Review & Revisions — one round of revisions per page	Week 3
Phase 9	Launch — deployment, DNS, SSL, handover training session	Week 3

Total estimated delivery: 2 – 3 Weeks from project kick-off, subject to timely receipt of client inputs.

8. WHAT WE NEED FROM YOU

- Company logo — high-resolution PNG and SVG formats
- Brand colours or any existing style guidelines
- Photos — waste trucks, operations, team, before/after shots (stock images used where unavailable)
- Written content for each page — About Us, service descriptions, any custom pricing notes
- Service areas confirmation and any zone-specific pricing differences
- Pickup schedule details per area — for the Recycling Info page
- Domain access or preferred hosting provider details
- Stripe account setup (or we guide you through creating one) for the payment portal
- Any existing customer testimonials or Google reviews to feature

A detailed Content Intake Form will be provided at project kick-off.

9. INVESTMENT & PRICING

- 25% balance (CA\$125.00) on website launch and handover
- Payment accepted via bank transfer (CAD), Wise, or PayPal, MoMo, International Remittance App
- Invoice issued in CAD before each payment is due

AMOUNT DUE ON SIGNING: CA\$375.00

AMOUNT DUE ON LAUNCH: CA\$125.00

TOTAL PROJECT COST: CA\$500.00

10. OPTIONAL ADD-ON SERVICES

- Monthly website maintenance — updates, backups, uptime monitoring, security patches
- Google Ads campaign management — drive targeted Ontario traffic to the new site
- Social media management — Facebook, Instagram content and community management
- Email marketing — customer newsletters, seasonal promotions, service announcements
- Advanced booking system — customers book specific pickup dates and time slots online
- Customer account portal — registered customers track pickups, view invoices, manage schedules
- Mobile app development — Android and iOS for customer bookings and driver routing

11. WHY CHOOSE EL-HUB VENTURES

- ✓ International experience — We have delivered for clients in Canada, the UK, Germany, and Nigeria. We understand what North American businesses and their customers expect.
- ✓ Conversion-focused design — Every CTA, form, and layout decision is made to generate enquiries and bookings, not just look good.
- ✓ Stripe specialists — Stripe is the gold standard for Canadian online payments. We integrate it seamlessly and securely.
- ✓ Ontario SEO-first — Your site will be built to rank locally. Google Business Profile guidance and Search Console setup are included.
- ✓ Full CAD pricing transparency — CA\$500 total. No hidden fees. No surprises.
- ✓ 2 – 3 Weeks delivery — Fast, professional, on schedule.
- ✓ Long-term partnership — We are here after launch. When Citywide Waste Solutions grows across Ontario, we grow with you.

12. NEXT STEPS

1. Review this proposal and raise any questions — happy to schedule a call at your convenience.
2. Sign the Memorandum of Understanding (MOU) — issued alongside this proposal.
3. Submit the CA\$375 deposit — work begins the next business day.
4. Complete the Content Intake Form sent by El-Hub Ventures at kick-off.
5. Week 1: Review and approve the homepage design mockup.
6. Week 3: Citywide Waste Solutions goes live — customers request pickups, get quotes, and pay invoices online.

This proposal is valid for 30 days from the date above. We look forward to helping Citywide Waste Solutions build a digital presence that truly reflects the quality and reliability of your service across Ontario.

Warm regards,

Ndikum Elvis Nkwenti
